

## **AM REQUIREMENTS, 2018-2019**

### **The Terminal AM Program in Statistics Requires:**

- The satisfactory completion of 8 letter-graded half-courses taken within the Department of Statistics and approved by the department.
- All 8 courses must be at the level of Statistics 110, or above. The actual courses will vary according to the student's interest and preparation and will be determined in consultation with the student's advisor.
- Statistics 210 and Statistics 211 are required.
- At least five statistics courses numbered between 200 and 299 are required.
- At least 2 courses at the interface of theory and applications are required. These include: Stat 115, 120, 121, 131/231, 139, 140, 149, 160/260, 170, 183, 186, 220, 221, 225, 230, 232r, 240, 244, and 245.
- CS 181 and/or CS 281 can count towards the 8 Statistics courses but not toward the 5 200-level courses.
- Terminal AM students must earn at least a B average in their Statistics courses and no more than one C.
- Terminal AM students may take 300-level courses, with the permission of the instructor. However, only one 300-level course will count toward the required 8 letter-graded half-courses.
